Nestcon wins RM230mil construction job

PETALING JAYA: Nestcon Bhd's unit has secured a RM230mil contract to undertake earthworks, foundation, substructure, main building works and infrastructure for the construction of a property project in Damansara Perdana, Selangor.

In its filing with Bursa Malaysia, the company said its wholly owned subsidiary Nestcon Builders Sdn Bhd was awarded the job for the project of one block of 46-storey serviced apartment building comprising 593 units, four-storey podium with other relevant facilities, 27 units retail lot and five-storey basement car park.

The date of commencement of the project is today and the construction period for the project is within 40 months from the date of commencement.
